

Job Title: MuleSoft Developer

Company: Evangadi Tech

About Us:

Evangadi Tech is an agency building a team of talented developers, committed to delivering high-quality software solutions to clients worldwide. By emphasizing on quality, collaboration, and continuous improvement, we aim to create a team capable of competing with the best in the industry.

Job Description:

We are seeking a highly skilled and experienced API Developer with a focus on MuleSoft to join our team. The successful candidate will be responsible for designing, developing, and maintaining MuleSoft applications to support our clients' business needs. Additionally, the candidate will develop courses and training materials to assist team members, students, and clients in learning how to use and develop MuleSoft-based solutions.

This role requires a strong understanding of MuleSoft architecture, development best practices, a commitment to delivering high-quality solutions, and a passion for teaching and mentoring others.

Key Responsibilities:

- Design, develop, and deploy custom MuleSoft solutions to meet business requirements.
- Customize MuleSoft integrations, APIs, and connectors.

- Provide technical support and troubleshooting for MuleSoft-related issues.
- Ensure MuleSoft solutions are scalable, maintainable, and adhere to best practices and standards.
- Develop training materials, provide training, create documentation, and conduct knowledge transfer sessions.
- Mentor junior team members and provide technical leadership and guidance when needed.
- Stay up-to-date with the latest MuleSoft and integration technologies and trends.

Requirements:

- Bachelor's degree in Computer Science, Information Technology, Engineering, or a related field is preferred.
- Proven experience as a MuleSoft Developer with a strong portfolio of successful projects.
- Strong knowledge of MuleSoft architecture, API-led connectivity, Anypoint Platform, and development best practices.
- Proficient in integration technologies such as REST, SOAP, RAML, and JSON.
- Experience with Java, MuleSoft Anypoint Studio, DataWeave, and CloudHub.
- Excellent problem-solving and analytical skills.
- Strong communication and interpersonal skills.
- Ability to work independently and as part of a team.
- Certification in MuleSoft or related integration technologies is a plus.

Job Type:

- Full-time

Benefits:

- Competitive salary and benefits package
- Opportunity to work with a talented and visionary team
- Professional growth and development opportunities
- Flexible work environment

Application Deadline:

- June 30th, 2024

How to Apply:

Interested candidates are invited to submit their resume, cover letter, and portfolio to jobs@evangaditech.com. Please include "**MuleSoft Developer Application**" in the subject line.
